The family-friendly event, which had a theme of promoting cycling safety, greeted around 500 visitors each day, who could browse the 30 exhibitors' stands, which included eBike and traditional pedal bikes, accessories and tourism attractions. In addition, several food trucks served a variety of delicious street food from around the world, with something for every taste.

A special bike pumptrack was set up on which children and adults alike were able to test the bikes for themselves.

At the Bafang stand, several local and European partner bike brands were presented, featuring different Bafang drive systems: LeaderFox (e-MTBs with M500 mid motor e-system); Zasada (H600 front motor e-system); and Dutch brand Amslod (M400 and M420 mid motor e-systems). The partner bike range was supplemented by special Bafang test e-bikes.

Smiling faces and enthusiastic conversations made it a fantastic weekend. Bafang welcomed many new e-bike fans in Warsaw, convincing them to explore the joy of cycling further than ever

before. Great weather combined with awesome test experiences on the Bafang e-bikes were a highlight for many of the visitors to Wilanów.
